

Parcel

RedPrairie's Parcel is a shipment processing tool integrated with RedPrairie's Warehouse Management and Transportation Management solutions. It provides carrier rate shopping and parcel manifesting at both carton and shipment levels. At the heart of this solution is the ability to control costs through carrier rating, maximizing available discounts through centralized submission and shipment consolidation. Parcel supports UPS, FedEx, DHL and USPS carriers in addition to LTL single and mixed class shipments and consolidation.

KEY BENEFITS

- Reduced freight costs from rate shop functions
 - Web manifesting without visiting carrier URLs
 - Real-time data query
 - Preprinted compliant labels for picking
 - Support for advanced integration requirements
 - Elimination of carrier charge-backs
 - Scalable for a wide range of users
-

Capabilities

Parcel is a functionally-rich tool configured to be accessible and deployable with RedPrairie's Warehouse Management and Transportation Management suites. It provides true enterprise-wide applicability for warehouse shipping requirements with the following capabilities:

- **Automation Support** - Operates both as a workstation and within an in-line print and apply process (does not require an operator).

Capabilities Continued

- **Download / Update Domestic Carrier Rates** - Parcel acquires advance published rates from UPS, USPS, FedEx and DHL from which it creates and distributes the update files that are loaded into the system.
- **Carrier Delivery Status Process** - This integrated tracking functionality provided by RedPrairie's Web Visibility automatically queries for proof of delivery data.

Optional Modules

- **AccuMail** - Manifest Analysis Certification, which provides address verification and correction
- **Haz Shipper** - For integrated hazardous material processing via UPS
- **Rand McNally / ALK's PC*Miler** - Applications for full load, mileage based rating and routing
- **SMC3's RateWare for LTL Shipments**

RedPrairie's Parcel ensures you get the most cost-effective modes and rates for your parcel shipments. If you are a high volume parcel shipper, can you afford not to use Parcel?
